

<p>Climate Ready Technical</p>	<p>Application No: No: 20200223131613_9532</p>
<p>INTRODUCTORY LANGUAGE</p>	
<p>The SA Climate Ready Climate Action and Adaptation Plan (CAAP) is San Antonio’s a roadmap to reduce carbon emissions, adapt to a changing climate, and ensure San Antonio remains a healthy, vibrant place for generations to come.</p>	
<p>The Technical and Community Advisory Committee will advise City staff and City Council on the implementation of the CAAP, and other associated long-term sustainability plans, such as the SA Tomorrow Sustainability Plan, while serving as a forum for the community to offer input on climate action and sustainability.</p>	
<p>As the CAAP is centered in equity and diversity, membership in advisory committees shall represent those that live and work within the City of San Antonio, inclusive of indigenous persons, communities of color, low-income residents, LGTBQIA+ persons, persons of varying ages, persons with different abilities, and other marginalized communities who hold diverse expertise, identities, and/or perspectives.</p>	
<p>The City of San Antonio, through the Office of Equity, has made a commitment to advancing diversity, equity and inclusion in local government in all of its Departments. Equity means that our policy-making, service delivery, and distribution of resources account for the different histories, challenges, and needs of the people we serve. The Office of Equity is a citywide office focused on advancing social equity within City Government, to help reduce and ultimately eliminate disparities experienced by our most marginalized San Antonio residents, and the Office of Sustainability will continue to collaborate with them on the CAAP.</p>

What expertise, and/or perspectives to you bring to the committee? Please select all areas that you believe you represent:	Energy Generation/Distribution Waste and Consumption Natural Systems: Water/Green Infrastructure/Forestry/Biodiversity Public Health Climate Science Business and Industry Social/Environmental/Climate/Racial Justice Environmental Advocacy
Please provide a brief summary of your expertise and/or perspectives.	I retired from a Public Health career after 35 years. Was Dean of the UT SPH San Antonio Regional Campus for 8 years. Taught and researched in the Environmental Health Sciences. Research included air pollution, power plant emissions, solid and hazardous waste, water pollution, and occupational health.
Please provide a description of your professional, educational and community/volunteer experience.	BA in Biology and MS, PhD in Environmental Health Sciences. Served on professional boards around the world. Consulted on 6 continents and extensively in Environmental Health Sciences, including air pollution and climate change. Served on numerous local boards, including for Metro Health. Was on Mayor Peeks Air Pollution Advisory Committee that addressed viable alternatives for control of ozone precursors.
Please share your interest and commitment to racial and economic justice and other social equity issues.	The biggest obstacles to health and to the success of public health programs are social, economic, and racial inequalities and injustices. I lectured on environmental justice for over 20 years. In Birmingham Al. I participated in an effort to remediate a blighted industrial area that was dependent on local resident input.
Please explain why you would like to serve on this committee.	At age 69 I am of the generation that has left a giant, chaotic disaster for my children and grand children and for unforeseeable future generations. It now is obvious that decades of attempts to get global cooperation have failed. National attempts to address the issue have been derailed by corporate guided misinformation campaigns and by self interested and foolish individuals, and now are thwarted by federal level attempts to completely undo what little has been accomplished. We must think globally but act locally.
What potential barrier(s) may affect your participation in this committee?
